WEIGHIT.NET

Integrated Onsite Container Weighing

What We Do

WEIGHIT.net is a service provider who will assist the industry comply with SOLAS and Chain of Responsibility legislation. An offshoot of Interport Cargo Services it is a private, family run company that values customers for the long term. Based at the Port of Brisbane in Lytton, WEIGHIT.net is managed by a team who knows the Customs and Forwarding Industry and manual handling.

WEIGHIT.net's origin was Customs Brokers and Forwarders talking to the physical handling side of the Interport business looking for solutions to the upcoming SOLAS regulatory changes. Having packed, trucked and PRA'ed thousands of exports over the years, the team got down to coming up with an industry wide solution! WEIGEHIT.net
